Leadership of the church

What program / activity in your church excites you more

description	I like the work I do with children seeing the change of life through LCI, what I like most with them is when they participate both for spiritual teaching and when they are going to ingest the physical food I think it is one of the Things that move me the most and I like to see children growing and developing spiritually and knowing that they have their stomach full of me as a pastor and work teams. We are grateful for what God is doing in our community.
-------------	---

Challenges you have experienced and what are you doing to solve them? These are not projects.- example; There are not many people coming to the church, there is a lot of sickness, etc.

Description	Parents of children who have not converted to Christ. This is a challenge for us since we want to see our entire community having a life change both spiritually and physically.
Steps that are Taking you	Visits to parents of each of the children. Involving them to the dining room in support of himself Prayer and fasting.
How can ONET help ?	ONET can help us through better medical brigades visiting us at least three to four times a year and supporting us with teaching materials of spiritual teaching and of course their prayers

LCI Quarterly Report

Pray request

Shepherd	As a pastor I need your prayers for me, for my family, for my ministry, for my work team and for there to be a consolidation of love for the children's ministry.
church	Prayer and fasting for the church for the strengthening and growth of itself and for the various programs of the church.
community	We need you to also pray for our community so that parents who have children in our LCI can get out of alcoholism, drugs, and different lives of misery and oppression from our community. Thank you for your prayers and support for our church.

Testimony

Name (sF) and age (s)	Felipe Cabalceta Rodriguez Age: 10 Years
How was your health, spiritual life before receiving help (food, medicine, spiritual) from your church	Before arriving at the children's dining room was of low weight and height my physical condition was not adequate, I was not studying I did not attend any church I did not know the word and today thank God I am grateful to God for the blessing that came to my community
How has the help you received changed your previous circumstances?	I am currently studying and my weight and stature have risen, I attend church and I am very happy for the new change in my life.
Impacted people (s) of your ministry	My mother feels joyful and grateful and had the motivation of going to support the dining room in the kitchen, thanks to the good performance of it and the notorious change in my life.
Hopes for the future.	Finish my studies and have an opportunity to work as in the labor field as with the work of God.
