

2022-2023 School Year

St. Thomas'

Student Ministry

who am I?

Sara Smith

married Daniel Smith in 2021

3rd year of full-time student ministry

graduated from CofC in 2019

we have a dog named Grover and a
cat named Jelly

passionate about student ministry
and coffee

a little bit of my story...

Our Mission

To raise up
ambassadors of Christ's
forgiving love where we
live, work, play, and
learn

developed through:

life groups

fun nights

diocesan-wide events

church-wide events

life groups

sundays 9:30 am
encore music hall
breakfast provided

exploring youth alpha

studying the
fundamentals
of the Bible,
theology, and
apologetics

asking bigger
questions about
Christianity
"is it true?"
"how does this affect
me?"

learning how to
share their faith
with peers

growing in
their faith

fun nights

one friday every month
middle or high school
free to attend

open to every student and their friends, neighbors, coworkers, etc

diocesan-wide events

mondo
regenerate
students united

open to every student and their friends, neighbors, coworkers, etc

church-wide events

church retreats
parish picnics
family fun days

keeping students engaged in core church activities

how you can partner with me:

student prayer team

- pray for anonymous student prayer requests

volunteer

- take an active role in the discipleship of our youth
 - help facilitate life groups and fun nights
- includes child abuse prevention training and a background check

continue discipleship at home

- talk about spiritual matters
- read the Bible and pray together as a family

keep a calendar, carpool, and help one another make church a priority

we don't expect perfection here but our goal is to foster a culture where church and more importantly, our relationship with the Lord, comes first. in order to do that, we sometimes have to make sacrifices that look strange to others.
